Our catalog and website are only a representation of our products.

If you can’t find something, please give us a call and a customer service representative would be happy to assist you. We offer a wide range of cemetery, burial vault, funeral home and cremation products which may not be represented in this catalog. Since we manufacture many of the products, additional styles, sizes and colors may also be available. Find us on the web at www.hollandsupplyinc.com

We look forward to hearing from you.

HILLSIDE TENTS

Choose a frame, size, color and go from there! Images 1-4 are samples of how to personalize and extend the usable area of a Hillside tent.

FRAME: Galvanized Steel, Aluminum or Stainless Steel
SIZE: 15x15 15x20 20x20
COLOR: Standard Sunbrella™ Tent Colors

(1) 15x15 Hillside Tent
Also shown: cemetery grass, chair covers, 24x24 Cremation Stand complete and a Guardian urn vault.

(2) 15x15 Hillside Tent and 15’ Straight Wall with a 66”x40” Cathedral Window.
Also shown: cemetery grass, chair covers, Frigid lowering device, Holland device stand and a wrap-around drape.

(3) 15x15 Hillside Tent and 15’ Straight Wall with a 66”x40” Cathedral Window, 15’x8’ Sun Extension.
Also shown: cemetery grass, chair covers, 24x24 cremation stand complete and a Guardian urn vault.

(4) 15x15 Hillside Tent and 15’ Straight Wall with a 66”x40” Cathedral Window, 15’x8’ Sun Extension and Slant Mound.
Also shown: cemetery grass, chair covers, Frigid lowering device, roller bars, Holland device stand with wrap-around drape.

We’ve chosen Sunbrella™ fabric for all of our canvas tents.

- Sunbrella™ is an extremely durable acrylic fabric
- Sunbrella™ holds its color even with constant exposure to the sun and natural elements.
- Sunbrella™ is mold- and mildew- resistant.
- Sunbrella™ holds the Skin Cancer Foundation’s seal of approval, providing protection from the sun.
- Sunbrella™ allows air to pass through, creating a more comfortable environment.
FEAT URES O F A HOLLAND TENT

The features of a Holland tent make it the best quality tent in the industry. - Over 60 years experience in manufacturing top-of-the-line cemetery tents!

- First run Sunbrella acrylic fabric (will not shrink, fade or mildew)
- Strongest aluminum frames in the industry (⅛” wall thickness)
- Cast ductile iron tent frame fittings
- Corner and tent peak with 4 layers of reinforcement
- Straps and hooks are reinforced by 3 layers of webbing
- The heaviest duty anti-wick thread used to prevent leaks which will not pull apart
- Spur grommets used for added strength
- Lock-stitch used in our sewing process to prevent unraveling
- Exclusive *Holland Seam* from tent corner to peak
- Highly qualified employees with the knowledge and experience to produce superior products and provide outstanding service

Heavy-duty frames and fittings keep the tent structurally sound.

Special lock-stitch seaming and added reinforcement, corners to peak.

WINDOWS

A vinyl window adds character and allows light to filter through the tent.

- **Standard Clear**
  - 18” x 18”
  - 24” x 24”
  - 24” x 36”
  - 36” x 36”

- **Stained Glass**
  - 24” x 48”

Stained Glass Cathedral 66” x 48”

NAME PLATES

Holland can personalize a tent with a permanent block lettered name plate or a removable snap or velcro style plate.
Protection and privacy is designed right into our straight side wall. It protects from wind, blowing rain or snow and the glare of the sun. Available with or without windows.

The Northern Style provides added wrap-around-the-corner material that eliminates gaps at the corners. This style prevents winter winds from being an unwanted annoyance. Straps and buckles have 32 inches of reinforcement for maximum durability.

Due to the sturdy construction of our walls, added protection from the elements may be gained by extending it outward and upward to form an awning.

This extension attaches to the 15’ side of the tent, adding additional 8’ x 15’ protection. It continues the dignified scallop design valance. The frame of the extension is the continuation of the main tent, and adds additional sturdiness to the tent. Walls may also be fitted to the extension - up to 23’ on 15’ x 15’ tents and 28’ long on the larger 15’ x 20’ tents.

As the name implies, it slopes from the opening back to the ground, and is used primarily to protect the lowering device as well as accompanying flowers and background grass. Attaches to any side of the 15’ x 15’ or 15’ x 20’ tent. 15’ wide and 7’ deep.

This sloping, box-shaped cover can be used as an extension of the tent, accommodating two rows of chairs in addition to protecting equipment. Attaches to any side of the 15’ x 15’ or 15’ x 20’ tent. 15’ wide and 7’ deep.
HS TENT FLAG HOLDER

Adjustable Flag Holder is designed to attach to Holland Supply’s Hillside and Roll-Around tents. The holder is intended to hold a 6 ft. aluminum flag pole and a 3’x5’ flag. Personalize a service by adding two holders to a tent frame and displaying both the U.S. flag and designated military flag. Pole and flags sold separately.
ROLLING TENTS

- No welding needed for assembly
- Choice of 12” or 14” heavy-duty wheels and casters

**NEW ALUMINUM!**

**ALUMINUM FRAME**
15 x 15 ROLL-AROUND TENT
Same superior tent top that is on the Holland 15 x 15 Hillside tent. Constructed of 1.5” and 2” square, anodized aluminum tubing, this frame weighs less and is virtually rust proof! Your choice of 12” or 14” wheels.

**STEEL FRAME**
15 x 15 ROLL-AROUND TENT
Same superior tent top that is on the Holland 15 x 15 Hillside tent. Constructed of 1.5” and 2” square, anodized aluminum tubing, this frame weighs less and is virtually rust proof! Your choice of 12” or 14” wheels. Powder-coated frame resists rust and will last longer than spray paint. Heavy-duty 1½” square steel tubing construction.

**WHEELS**
Rolling tent wheels and casters are available in 12” or 14” (Best on the market!)

**TOWBARS**
Easy to use and extends the life of the tent frame. Available for all rolling tents.

**Side Walls:** Straight and Roll-up style walls also available for all rolling tents (see pg. 4)
14 x 20 CHAPEL TENT (STEEL)
Roof is made of FiberLite fiberglass panels. A top reinforcement kit is included. Choice of 12” or 14” wheels. Powder-coated frame, Heavy-duty 1½” square steel tubing construction

HOLLAND OVAL TOP AND FRAME
Holland Supply, Inc. manufactures a complete line of oval tents, frames and parts which are interchangeable with Steril tent products. Our goal is to offer the best possible value and a choice in oval tent needs. See pg. 4 for walls, extensions and mound options.

All sizes available!
We can customize a tent to your specification; names, color, size, snaps, velcro, etc…

THE ADVANTAGES OF A HOLLAND OVAL TENT TOP AND FRAME
▪ Only first-run Sunbrella™ acrylic
▪ Stronger side bars on our frame (⅛” thick aluminum tubing)
▪ Corners and two top ends reinforced with a steel ring and two pieces of leather or vinyl
▪ Tent straps have three layers of stitching for added reinforcement
▪ Lock-stitch used to prevent unraveling
▪ Sewn with heavy-duty anti-wick thread, which resists seams pulling apart, as well as leakage

CORNERS
All rolling tent corners are reinforced to provide strength and durability.

• Customer Service
• Quality Products
• Best Value in the industry

One call does it all! If you can’t find the product on our website or in our catalog, Holland Supply can assist you in finding the products you need. We pride ourselves in offering the best priced, quality products.

Thanks again for your business!
Our grass is the most pliable, yet durable on the market. The fibers are heat set into a double strength backing. By using a non-fray marine binding, instead of surging, Holland’s grass binding is much more resistant to unraveling or fraying. All Grass sets are fade resistant, easy to clean and have a waterproof backing (won’t get heavy).

**SETS OR INDIVIDUAL PIECES AVAILABLE**

**STANDARD SET**

- 2 - 6’ x 14’ Mound Covers
- 2 - 6’ x 8’ Side Pieces

**ABOVE GROUND SET**

- 2 - 3’ x 8’ Side Pieces

Holland supply is the leading manufacturer and distributor of cemetery,
funeral home, and burial vault equipment and supplies in the industry. We
have built our company by being customer focused, meeting customer
needs with a high level of service, and offering products with true value.
We are blessed to have a talented and dedicated group of people working
together to serve our customers.
HOLLAND HEAVY-DUTY RAMMER PROBE
With its slide-action hammer, this rammer probe makes probing effortless. Goes through frost, clay and roots with ease. No more back breaking work using a push probe. Helps reduce worker compensation issues with your crew. Made with a rubber coated steel rammer handle - it does the work for you. Available in two sizes.

44" Probe (44" probing depth, 69" overall length)
70" Probe (70" probing depth, 92" overall length)
* Steel probe rod available in ½" and ¾" diameter

T-Probe (45" probing depth), pictured right →

21" x 5’ End Boards (2), 87 lbs

Model specifications available at www.hollandsupplyinc.com or call 800.527.8818
FROST REMOVER
Thaws the ground and prepares the soil for digging! This grave defroster is your answer to frost removal problems. 16-gauge steel, double wall construction and insulation provides efficient heating (Output: 500,000 BTU). A 100-pound cylinder of gas will operate the burner for a period of 35 to 40 hours. Frost Remover will remove the frost and leave the ground dry at the approximate rate of 1 foot in 3-5 hours.

Canopy Dimensions:
Large: 94" L, 36" W, 215 lbs
Medium: 47.5" L x 36" W, 110 lbs.
Small: 36" L x 21" W, 60 lbs.

--- CALL FOR PRICING ---

LONG-HANDLE TOOLS
Custom-made handles up to 10' long - allows clean up of grave without having to get down into the hole.
Shovel (galvanized steel)
Rake (galvanized steel)
Rectangle Tamper (painted steel, green)
Flat Wedge Tamper (painted steel, green)

Memorial/Marker Stand
Temporarily displays memorial at graveside during the service and while grave is open. Square steel tubing, green powder coat.

**TARPS**
- Canvas, vinyl or polyethylene materials
- Use for a variety of applications
- All seams are heat sealed for weather protection
- Hems are 2" wide and reinforced with webbing

--- CALL FOR PRICING ---
BURIAL PLATFORM
This all new Burial Platform is designed to make the burial site safer and more visually appealing. This polyethylene burial platform is incredibly strong and durable, yet lightweight. This lightweight design helps make this platform easy to move from one interment space to another. This platform has a custom lid that locks into place to keep debris and water from entering the pre-dug grave. The tapered edge design and non-skid surface allows pallbearers to walk right up and place the casket on the lowering device without having the hazard of working around classic burial site set-ups. Family members will find placing flowers or keepsakes easier, safer and more dignified.

VAULT CORNER PLATES FOR LOWERING DEVICE
- Our aluminum corner plates allow you to position a lowering device directly onto the vault
- OD: 3" , ID: 2 ¾"
- Provide flexibility of having a set-up service at the roadside, instead of gravesite
- Set of 4

GRAVE IDENTIFICATION FLAGS
A perfect solution to help ensure an accurate interment process.
- 4" x 5" flag on 21" wire
- Available in bundles of 100 or boxes of 1000
  \(\text{(Box of 1000 can be mixed)}\)
- Standard colors: red, orange, blue, green, yellow, white and pink
LOWERING DEVICE STRAPS
- Durable 4" wide, 2-ply polypropylene
- Lifting capacity rated over 2000 lbs. per strap
- Available in a variety of lengths: 15', 17.5', 20', 22½', 25', 30', 35'
- Standard Color: Green (Black straps available on request)
- 2/Set
* Optional: 6' material reinforcement where straps come in contact with casket

LOWERING DEVICE “SHORTS” STRAPS
- Connects device to lowering straps
- Durable 4" wide, 2-ply polypropylene
- 4/Set

SAFETY STRAPS
- Durable 4" wide webbing with zinc-plated steel hooks
- Vinyl tubing covers hooks to protect device
- 43" long, standard length
- 2000 lb. Lifting capacity per strap - standard length
- 2/Set

METAL TIPPED HAND STRAPS
- Very strong webbing with metal tip
- 1½" and 2" widths available
- Rated at 1000 lbs. per strap
- 20' long - standard length
- 2/Set

ECONOMY METAL TIPPED HAND STRAPS
- Black, polypropylene webbing
- 1½" and 2" widths available
- Rated at 1400 lbs. per strap
- 20' long - standard length
- 2/Set

SAFETY CHAINS
- Strong 1/4" thick chain on zinc-plated steel hooks
- Length: 43" - standard length
- 2/Set

We manufacture all our straps and slings and would be happy to make a custom length to fit your needs.
**600 - NYLON WEBBING SLINGS**

- The answer to all your web sling lifting and or pulling applications

CHAIR COVER BAG
- Large, 36" x 48"
- Fits 12-24 chair covers
- Made of natural canvas material

Holland supply was founded in 1962 by Bill and Shirley Holland. Their goal was to offer a high level of personal attention and service to their customers, that still exists today. In the early years their market was the Midwest. In 1996, daughter and son in law, Randy and Lisa DeWilde purchased the business. Since then a number of other family members have joined the company, with the 3rd generation involved in the business. As the business has grown, we are proud to serve customers in all 50 states, as well as many international locations.

HOLLAND SUPPLY, INC.  www.hollandsupplyinc.com
CD 2000/2500 TWO TIER CASKET DISPLAY SYSTEM
- Angled top tier support allows for a better view of the casket’s interior and exterior
- Molded from heavy-duty tubular steel
- Both tiers accept up to 300 lbs.
- Optional casket display dolly is for use with the CD 2000
- 3” heavy-duty, ball bearing wheels are ideal for hard surface or commercial carpet
- Powder coated finish: black or almond
- Minimum assembly required

CD 4000 PREMIUM TWO TIER CASKET DISPLAY SYSTEM
Constructed of formed steel and is the industry’s premier statement of subtle elegance in the casket display room. When fully extended, the scissored dolly is automatically gauged for the proper distance and clearance to eliminate annoying and costly scratches from the casket above. Four 3”, heavy duty ball bearing wheels roll effortlessly in their own steel tracks, making the CD 4000 the ideal answer for showrooms with or without deep pile carpeting. Bottom tier accepts caskets up to 25” tall. Top tier and dolly easily support up to 400 pounds. Minimum assembly required.
Available in black or almond color powder coated finishes.

B6000 LIGHTWEIGHT CASKET DISPLAY RACK
Show off the interior of both caskets with this casket display rack. Made of sturdy welded steel tubing. Knocks down easily for storage or shipment. Minimum assembly required. 34”W x 48”L x 54”H

ACRYLIC CASKET DISPLAY SUPPORTS
